

TIME HUNTERS

Who is the Mightiest?

Do battle to find out which historical hero is the mightiest of them all!
Compete against your opponents to win all of the cards in the pack.

You will need:

2+ players
8+ cards

How to play:

Players start with an equal number of cards. Decide which player goes first.

Player one chooses a category from their first card (Brain Power, Fear Factor, Bravery, Weapon), and reads out the score. Player 2 reads out the score from the same category.

The player with the highest score wins the round, takes their opponent's card and puts it at the back of their pack.

The winning player then chooses a category from the next card, and play continues. The game continues until one player has won all of the cards, and is the mightiest hero of all time!
