

TIME HUNTERS

Hero Defence

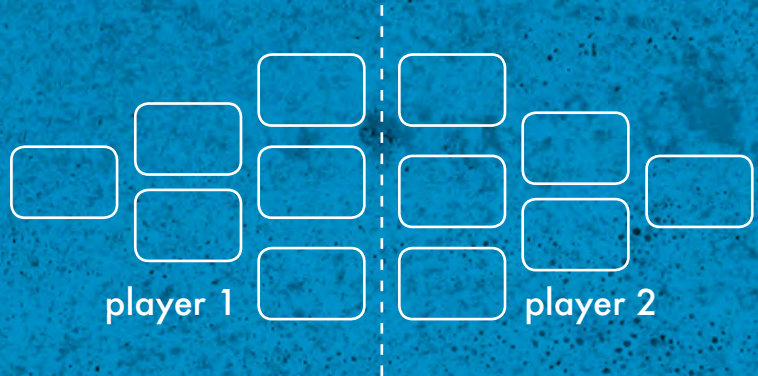

Attack each line of your opponent's defence, before waging a final battle for victory against their mightiest hero!

You will need:

2 players
6 or 12 cards
1 dice

Setup:

Deal cards equally between players. Set the cards face up, in a reverse triangle formation, with your strongest card in front of you, defended by lines of 2 and 3 cards in front.

Player 1: Choose a card from your first defensive line to attack Player 2, and pick a category to fight with.

Player 2: Choose a card from your first defensive line, and defend with the same category.

How to play:

Both players roll the dice for a Time Bonus score – roll an even number and add 100 points to your score, roll an odd number and your score stays the same. The player with the highest score wins the round and the loser turns their card over.

The winning player continues with the same card (until it is defeated), but may choose another category to play with.

To win the game you must destroy all of your opponent's defensive lines, and ultimately their strongest card, to become the mightiest hero of all time!
